Sir,

Subject Creation of the post of Town Hall clerk in grade Rs 25-1-40 for attending to Town Hall work.

31/10

I have the honour to state that the Town Hall is under the management of the Municipality under the supervision of the Municipal Engineer The cost of the articles of furniture at the Town Hall, which is fitted up for the performances of Dramas and the holding of public meetings etc , amounts to Rs 20,000/- 25,000/- It is frequently let out to various companies and the annual income from the rent is fairly heavy as the income noted below shows All the accounts connected with the Town Hall and the work of collecting the same is now entrusted to a literate attender who gets only a trivial pay of Rs 15/- p m An allowance of Rs 5/- is being paid to the Store Keeper of the City Improvement Trust Board to supervise his work This arrangement is not satisfactiry in as much as the Store keeper has heavy work of his own and has no time to have effective supervision So the brunt of the work falls upon the attender, whose pay is too small when compared with the onerous nature of the duties and the amount of rent etc he has to collect

Taking into consideration of these facts and to ensure proper maintenance of accounts, collection of rent etc , the Town Hall Committee at their meeting held on 12-9-1946 recommended that a clerk in grade Rs 25-1-40 may be appointed to efficiently look after the work directly under the supervision of the Engineer and to absorb the present attender in the post who has been looking after Town Hall work satisfactorily for the last 17 years and to discontinue the payment of the allowance to the Store Keeper

P T O

The Council at their meeting held on 29-9-1946 approved of the above recommendation A copy of the resolution is enclosed for kind reference

This arrangement would facilitate to transfer of officials also when necessary and also to have a full time official who will be directly responsible to the Municipal Engineer for the maintenance of accounts and for the timely collection of rents It is also proposed to entrust the work of the hiring of decoration articles to the Town Hall clerk as requisitions for the fire of furniture as well as decoration articles are being received from the same parties and it will facilitate the maintenance of accounts in this behalf and save labour, if the work is entrusted to one hand At present the salary of Rs 15/- is being paid to the Town Hall Attender and ah allowance of Rs 5/- to the Store Keeper In place of this, one post on Rs 25-140 is proposed to be created and the present attender will be absorbed therein and the cost will be borne equally by both the Municipality and the Town Hall funds The average cost will be Rs 33⅓ Thus therewill be a savings of Rs 3/- under Town Hall funds and an extra cost of Rs 17/- to the Municipal funds, which will be more than compensated from the income by the hire of decoration articles

I request early sanction of Government to the recommendation of the Council

I have the honour to be,
Sir,
Your most obedient servant,

President I/C
